Flipkey awards The Echoes “2011 Top Vacation Rental” in Harrison Hot Springs

Harrison River, August 28, 2011 – Thanks to amazing guest reviews, Tripadvisor and Flipkey have rated The Echoes “Excellent,” along with being awarded the “2011 Top Vacation Rental” in the Harrison Hot Springs area.

“This exclusive honor was awarded to a very select group of vacation rental owners based on reviews from past guests,” said a Flipkey representative.

“We are so grateful to our guests for taking the time to review us on Flipkey and Tripadvisor,” says owner/operator Susan Thomson. “Their tributes motivate us to continue to provide a full-service, high-end experience found no where else in the Fraser Valley. We could not have received these awards without their kind words.”

“My husband and I spent the first part of our honeymoon at the Echoes. [Susan and Clint] were very friendly and welcomed us immediately. They were punctual in picking us up. The boat ride was beautiful and when we docked it felt like we could just be ourselves and relax and enjoy nature and each others company. The cabin was perfect but the food was the best of all. Gourmet dining, breakfast delivered to your door and a picnic-like lunch. Everything was wonderful! It was a place where all worries melt away and a place I surely will return to! Thanks So Much for a wonderful experience,” said Melissa from Aldergrove, B.C. on Flipkey.
